Professional Summary

Computer Science graduate with experience in UI/UX design, web development, content management, digital marketing, customer support, and e-commerce operations. Proficient in Figma, WordPress, HTML/CSS, JavaScript, Microsoft Office, Google Workspace, and various design and productivity tools. Experienced in collaborating with cross-functional teams, managing digital content and customer communications, supporting QA testing, and coordinating projects and organizational activities. Background includes social media management, customer support, and influencer outreach for brand partnerships and ambassador programs. Recognized for an award-winning thesis and multi-year leadership experience in student organizations.

Work Experience

UI/UX Designer Intern | Backend Solutions and Technologies Inc.

January 2026 – May 2026

- Designed and refined responsive interfaces for web and mobile applications, including digital payment, transaction, promotional, and administrative systems.
- Created responsive UI layouts, wireframes, prototypes, and user flows using Figma, Canva, and Draw.io.
- Collaborated with developers and designers during sprint meetings, revisions, and daily stand-ups to improve usability and interface consistency.
- Conducted UI/UX reviews and QA testing for responsiveness, accessibility, usability, and visual consistency across interfaces.
- Prepared UI/UX documentation, presentation materials, and design assets to support development and project coordination.

Website Content Editor & Social Media Assistant | BlueWich / Bangkok Digital Marketing Agency

January 2025 – February 2025

- Edited and updated website content and blog articles for multiple company websites using WordPress.
- Improved article formatting, readability, and SEO alignment.
- Optimized website content and blog articles for SEO, contributing to selected pages reaching the second page of Google search results.
- Managed Instagram content, including posting, service promotion, audience engagement, and customer inquiries.
- Created and scheduled social media content and marketing graphics using Canva.

Social Media & Customer Support Assistant | Celmade.co

January 2025 – June 2025

- Managed TikTok content posting and audience engagement.
- Responded to customer inquiries through comments and direct messages and provided product information.
- Maintained customer and engagement data using Google Sheets and Microsoft Excel.
- Supported consistent content management and customer communication.
- Handled influencer outreach to secure brand partners and ambassadors, supporting collaborations that expanded reach and strengthened brand presence.

E-commerce & Korean Merchandise Business

January 2021 – January 2023

- Sourced Korean merchandise from suppliers in South Korea, Japan, China, and Malaysia based on customer demand and product availability.
- Managed product sourcing, order processing, inventory coordination, supplier communication, and customer updates.
- Monitored shipments and coordinated deliveries with international suppliers and local logistics partners.
- Managed online sales through TikTok, X (Twitter), Facebook Marketplace, and Shopee.
- Created promotional materials and tracked sales, inventory, and customer demand using Canva, Excel, and Google Sheets.

- **Documentation:** Technical Documentation, Report Preparation, Process Documentation

Core Competencies

Communication • Customer Service • Team Collaboration • Problem-Solving • Project Coordination • Organization • Adaptability

Projects

- **Project LiF: A Lip Reading Learning Tool for Basic Filipino Words Using 3D Convolutional Neural Network and Bidirectional Long Short-Term Memory** – Co-developed an AI-powered learning application using 3D CNN and BiLSTM for Filipino word recognition. Contributed to UI/UX design, focusing on accessible layouts, clear visual elements, and user-friendly learning interactions.
- **Point of Sale (POS) System** – Inventory, sales transaction, and receipt management system. Designed intuitive dashboards and receipt layouts, ensuring clear transaction flows and user-friendly inventory management.
- **Mandal Enterprise Management System** – Tailoring shop management system with order tracking and inventory features. Collaborated on the design of order tracking and inventory screens, improving usability for tailoring shop staff.
- **Triple Q Construction and Services Website** – Co-designed responsive layouts and visual hierarchy for a business website showcasing services and projects.
- **PRMSU CCIT Promotional Website** – Informational website highlighting academic programs and activities. Worked on the design of informational pages, applying clean typography, gradients, and modern layouts to highlight academic programs.
- **SnapSort (UI/UX Design)** – Designed a mobile app concept for organizing screenshots, including user flows, search and filtering interfaces, and high-fidelity prototypes.

Research and Recognition

- Best in Thesis
- 5th Place (Special Citation), National Academy of Science and Technology – Magsaysay Future Engineers/Technologist Awards 2025

Other Recognition

- Service Awardee (Leadership Award)

Leadership Experience

CCIT Student Body Organization (CCIT-SBO)

- Vice President Internal (A.Y. 2024–2025)
- Public Information Officer (PIO) (A.Y. 2025–2026)

Association of Students for Communication and Information Interchange (ASCI)

- Assistant Treasurer (A.Y. 2023–2024)
- 4th Year Representative (A.Y. 2025–2026)
